Day to day Financial School Obligations

The Greek Community School at Newcastle depends on tuition fees and charitable donations in order to fulfil financial obligations and commitments of the School towards third parties such as facilities hire, teacher wages, training and any other costs or expenses necessary to allow the day to day running of the school.

Fees

Parents will be expected to pay School tuition contributions promptly at the beginning of each term to allow for the smooth running of the school. These contributions will be agreed upon at the beginning of each academic year and parents are expected to pay the relevant contributions for each term that their child begins.

For the beginning of the academic year 2025-2026, tuition fees will be as follows.

- For families with 1 child attending: £265.00
- For families with 2 children attending: £450.00
- For families with 3 or more children attending: £583.00
- For families with a child attending only reception: £177.00

- For families with 2 children when one attending reception: £389
- For families with 2 children both attending reception: £300

The fees for the second and final trimesters will be adjusted based on the number of children enrolled.

Terms of Payment

Contributions are requested to be paid upfront at the beginning of each term via Bank Transfer to the School's account:

- **Account Name:** Greek Community School of Newcastle
- **Sort Code:** 30-96-26
- **Account Number:** 56128760
- **Reference:** Child/Children's Surname and Term

As a not-for-profit community school, we rely on school fees and family contributions to cover essential operational costs. These funds are vital in supporting our school's mission and ensuring that we can provide a continuous, enriching educational experience for all students.

Adult classes for the academic year 2025/2026 are set at £12h.

Term Contribution adjustments

The Board will adjust proposed contributions throughout the year for future terms in order to maintain a cashflow necessary to meet each term's obligations, mainly rent, teachers' cost and essential bills including and not limited to accounting fees, insurance, website maintenance and other costs. In the event that major adjustments must be made, or cost cutting measures are proposed a Parent's Assembly must be called where a budget review will be necessary and justification for proposed adjustments given.

Financial difficulties

If any Parents or Adults find themselves in financial difficulty and are unable to fulfil their financial obligations must speak to the Board immediately. As a charitable organisation, the school and the Board will be obligated to assist in every way possible. Evidence however will be requested in order to assess the needs of the requester (i.e. redundancy letter, benefits etc).

Other Activities

Parents may also be invited to make contributions for any extra activities taking place inside or outside of school hours. These activities could include but may not be limited to coffee mornings, theatrical performances, fundraising events, school trips, music and dance activities.

The school reserves the right to cancel activities for which insufficient funding to cover costs is received from contributions.

Damage, breakages and replacement of lost items

The school will ask parents to pay all of the cost of avoidable damage or loss caused by a pupil.

Annual Review

As costs may increase from year to year, this policy will be reviewed annually. This policy will be monitored and reviewed regularly by the Greek School Community Board.
